## Returning to the Earth Plane with Previous Abilities

*By Estelle Roberts 2017*

*Estelle I have a question. When you were talking before about a young girl who was a musician and that she was a musician in a previous visit to the Earth Plane, was she able to tap into her subconscious because she was so young or because she hadn't been away from the Earth Plane very long.*

Because difference in time from when she left to the time she returned was not as long as would be normal. Normally it is between 4 to 600 years. In her case it was less than a hundred.

*Right so yes OK.*

It was more to the fore of her subconscious. Do you understand?

*Yes. Thank you.*

And that's often the case when people have these, what you would almost think instant abilities. It's because the timeframe between when they left to when they return is less than we would consider as normal. Because if you have the period, and I'm using Earth Plane terms, if you have the period between 4 to 600 years a lot of your previous life and abilities have been superseded by your advancement in the Summerland. Do you understand? Whereas in the case of the young lady it wasn't that long in Earth Plane terms that she was on the Earth Plane previously and she had that capacity and therefore it was easy for her physical body to attune herself. That's almost a good play on words isn't it? The young lady attuned herself. I like that.

*Thank you for your explanation.*

Yes and that is the case frequently. Sometimes there are accidents and people return after a matter of 1, 2, 3, 4 years. That happens very, very, very rarely. So to all intents and purposes you can ignore it. But that happens more often than not when people "aren't very nice" should we say and it's necessary for them to be returned to the Earth Plane because we don't want them up here. I mean that in a nice way. It's because they can't get acclimatised and accept their transition, so therefore they are returned to the Earth Plane quicker and hopefully when they come back to the Summerland next time they'll be in a better frame of mind so to speak.

The situation with the gentleman Adolf Hitler is a typical example. He was returned to the Earth Plane over a mere period of 40 years which obviously is far less than would

normally be acceptable or would normally occur. Do you understand? But it was necessary to change his environment to allow his being to progress because if he was left in the astral sphere he would have created a lot of drama on the Earth Plane affecting or infecting people's mental state and we couldn't allow that could we?

You see you get little bits of gems that you didn't know about. Well I hope I can give you more than just one or two little gems. I hope I can expand your understanding far more because of my...the lessons that I have learnt. That's probably a nicer way of putting it.
