

Estelle's Gifts

By Estelle Roberts 2015

I wish to correct a statement made by my friend Maurice. I was merely very fortunate to have wonderful friends spirit side to assist me when I was upon the Earth Plane. I did very little other than make myself available and allow the communications to come in to my mind and then utilise those communications to assist others who came seeking. It is something that we are all desirous of is it not, to reach out our hand and help others? And obviously before I entered the Earth Plane the capacity was already installed within my aura to carry out all the evidential processes and the work that we did in our circle with ectoplasm, with direct voice, they were all incorporated within my being prior to my visitation to the Earth Plane. And if it is not incorporated within your being you can sit from now to eternity and it will not occur. Do you understand?

Yes I do. It is an ability you are born with.

It is an ability that you have been given, rather than you are born with, and I was very fortunate that they allowed me to have an extensive and wide variety of gifts. I do apologise but I just thought I'd have that little aside because we had a little discussion about it earlier didn't we?

Yes we did. Maurice does speak very highly of you in his book.

Oh he is a wonderful man and he is full of love and it is good to share love and boost people's position rather than denigrate it, is it not?

Yes.
